ADVISORY ACTION

1. The proposed after final amendment will not be entered because of the changes to claims 36 and 37 contains new issue. The plurality of valve pins and plurality of melt channels for each nozzle is a new issue that requires further search and consideration. Previous examination of the claims did not include this newly added scope.

- 2. Furthermore, the proposed after final amendment adds new claims 41 and 42. The newly added claims do not correspond to a same number of cancelled claims.

 Therefore, the new claims will not be entered.
